TRIDENT®

Better Built. Better Equipment.

Better Built. Better Equipment.

The high-speed single-brush BU1500 is equipped with an exceptional balancing system that makes this machine extremely easy to use, with no operator fatigue. Suitable for dry polishing and restoration work.

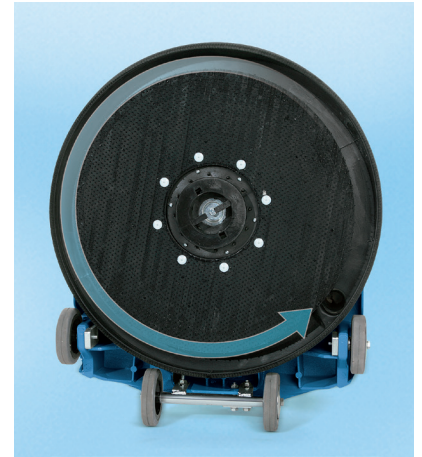

Thanks to its ease of access, the paper bag for dust collection is easy to remove and replace.

The gas shock helps maintain constant brush pressure on the floor, regardless of the position of the steering column.

The free-floating handle and exceptional balance makes the machine extremely easy to use and minimizes operator fatigue.

The dust is transferred into the hole connected to the paper collection bag by means of the pad's rotational movement.

Powerful, Oversized Motor

No maintenance required thanks to the direct drive, thus resulting in significant economic savings over time.

Specifications		BU1500
Hillyard Item Number		HIL56022
Drive		Direct
Working width	In	20
Brush	In	20
Brush Rotation	Rpm	1500
Power Supply	V/Hz	115/60
Pad Holder	In	20
Power	W	1100
Dimensions (L, H, W)	In	25.2, 49.6, 22.8
Contents		1 - Machine, 1 - Pad Holder 1 - 50 Ft. Cord, 1 - Owners Kit
