

Better Built. Better Equipment.

FD15

The FD15 is a compact and powerful blower, able to dry surfaces within a very short time. It is ideal to dry carpets cleaned with extraction machines, and it can be used on a wide variety of surfaces.

Productivity

A three-speed motor allows you to select the velocity needed to get the job done. Turn it on and run it without the timer, or set the timer to stop it after a selected time period.

Safety

For operator safety and to prevent any damage to the fan, the machine is equipped with a protective grid. Also, the useful carpet clamp helps to fasten carpet to the machine to blow underneath the carpet.

Comfort

The trolley handle can be extended for transfer and can be retracted for storage

Specifications		FD15
Hillyard Item Number		HIL56015
Power Supply	V/Hz	115/60
Power	V	520
Air Flow	Cu.Ft/Min	2,400
Fan Rotation	RPM	950/1150/1350
Cord Length	Ft	50
Machine Weight	Lb	22
Machine Dimensions (L, H, W)	In	15.9, 16.6, 16.9
