

FMD20

ORBITAL

Wet

Dry

- Wood
- Vinyl
- Concrete
- Tile
- Stone
- Carpet

Better Built. Better Equipment.

FMD20 Orbital is a new concept single disc machine that combines high performance and maneuverability. The orbital action allows the operator to achieve better results in half the time when compared to a normal single disc machine.

User-Friendly

Thanks to the high frequency oscillations, the FMD20 Orbital is extremely stable and does not tire the user, even during long shifts. It's easy and light to maneuver, and can be used by inexperienced operators.

Reduce Chemical Use By Up To 50%

The orbital action allows to clean more uniformly since it contains the cleaning solution inside the pad area. Cleaning is more effective while the consumption of water and detergent solution is reduced by up to 50%.

Energy Saving

The orbital movement reduces the pad pressure allowing to achieve excellent results with less energy consumption.

Versatile

- Prep wood floors for recoating.
- Wet scrub hard and vinyl floors.
- Restoration of concrete.
- Dry maintenance: stripping vinyl floors.
- Marble restoration and crystallization.

Specifications		FMD20 - Orbital
Hillyard Item Number		HIL56019
Working Width	In	20
Brush Diameter	In	20
Brush Rotation / Oscillations	Per Min	1400
Power Supply	V/Hz	115/60
Pad Holder	In	20
Motor	W	1100
Dimensions (L,H,W)	In	30.1, 48.0, 21.3
Contents		1 - Machine, 1 - Solution Tank 1 - Pad Holder, 1 - 50 Ft. Cord 1 - Owners Kit

The brush head turns 90° making pad replacement easier.

Easy-to-remove tank simplifies refills and clean-up.

Safety system requires machine activation by simultaneous pressure of the handlebar levers and button. When the levers are released, the FMD20 stops.
